June 26, 2007

PENNSYLVANIA BULLETIN NO. PA450-7-3

SUBJECT: TCH – Wetland Embankment Projects

Purpose: To provide summary information from the three wetland conservation practices: Wetland Creation (658), Wetland Enhancement (659), and Wetland Restoration (657).

Expiration Date: September 30, 2007

Background: The enclosed information and table is being provided to assist in planning wetland projects that may involve embankments. The limits for site slope conditions and potential water depths in the standards for the three wetland conservation practices vary between practices (Creation – 658, Enhancement – 659, and Restoration – 657). This summary provides a side-by-side comparison of the limits and may be retained for future reference.
